Non-GMO Certificate

19 April 2012

To whom it may concern

We, CJ CheilJedang, as the manufacturer of **Polydextrose** certify the following related to non-GMO issues:

1. In our process for producing Polydextrose, Glucose, D-sorbitol and Citric acid are used as raw materials. Raw materials are non-GMO product.

2. We do not share the equipments in producing different products.

Therefore, there is no possibility of cross contamination relating to shared equipments.

In conclusion, we assure that as long as packaging materials entity is effective, there is no possibility of cross contamination.

On behalf of CJ CheilJedang,

A handwritten signature in black ink, appearing to be 'Jaeyoun Lim', is written over a horizontal line.
